

COMBINATION SPANNER SET

Evolutionary Advanced New Generation Tools

High Durability

High Workability

Innovative Design

The curved surface of the neck fits well into hands and increases comfort when working. The Revowave series have a spear-shaped head, which enables sturdier tightening.

Innovative Design

A sleek, timeless design with a streamlined curved surface of a neck and a tapered shape head. A handle and a head make a beautiful contrast.

High Workability

The curved surface of the neck fits your hand and produces great workability.

Flower Drive shape which does not damage the bolt

In the case of conventional products, a strong force may be applied to the corners of bolts and nuts, and it may be worn out. But if it is in the shape of a flower drive, since it comes in contact with the surface, no force is applied to the corner portion, and the bolt and nut will not be damaged.

Revowave® Combination Spanner Set

11Pcs.

 Code **1011M-1-CL**

Set Contains
